the WeGO Secretariat at Todor Merdjanov
(todor@we-gov.org | +82-2-720-2938).

*How can cities solve their urban challenges using sustainable
smart city solutions?*

*How can companies promote their innovative solutions and
form partnerships for international smart city projects?*

*Where should cities search for the right solutions, how to
connect and who can assist in the process?*

Join us in the 2nd edition of the webinar series where Solutions Meet Cities, co-hosted by WeGO and WFUNA, to learn how you can connect with smart city project partners, and how to use various project implementation opportunities to achieve your smart city goals. Cities, corporations, innovative startups and smart city stakeholders are invited to this forum where selected WeGO member cities' project proposals will be showcased with live online matchmaking with solution providers, innovative startups, experts and partners from the WeGO and WFUNA networks.

Take part in the discussion on international smart city projects and win a prize in our lucky draw!
